Dear Dan:

“One person does not a successful economic development program make.” I have known this for years, but have not personally experienced it until I assumed my current position in Habersham County.

Thank you for participating in the recent Development Authority workshop on incentives. Without your involvement, and willingness to share personal experiences and professional opinions, the workshop would not have achieved the intended or anticipated results or goals. The invited guests, that did attend, were impressed and came away with knowledge of the intent and importance of incentives in a competitive, world economy.

Again, thank you for volunteering your time, knowledge and experiences.

Best regards,

David Inglis

PS – I plan to check into whether we need to operate as an IDA or DA. Thanks for making me aware that the authority is registered as both.
