Dear Mr. McCray:

Thank you for your recent presentation to the Region Three 2004 class of the Georgia Academy for Economic Development.

Your presentation on "BIDs, CIDs and TADs" was very informative and was right on target for what we wanted the class to know regarding these development tools. On the evaluation, your presentation scored high among the participants and was noted as an essential part of the program. Thanks again for a great job!

All of the Academy staff and facilitators remain grateful for your time and efforts, and look forward to seeing you at the region's next session.

Sincerely,

Cynthia Easley
Region 3 Representative
